Subject: RE: TSCA SACC Website Meeting Page for DRE for Asbestos

Thanks all. I have made Steve's changes and the revised meeting page is ready to publish as soon as I get the word. Who will tell me when to publish?

I asked Battelle to draft a new bullet in the SACC News box saying that the meeting is postponed, and they have responded that they will do so, but that might not be published until later this afternoon. We are working with new contractors and I am not sure of the speed, especially since this is the first change we have asked them to do.

I believe so. OPA deleted part of the last sentence, 2nd paragraph; where there now appears to be an extra space between "EPA" and "remains."

Does this match what OPA approved?

Hayley Hughes, DrPH, MPH, CSP
Director, Office of Science Coordination and Policy

Don and Diana,

I recommend deleting the 3rd paragraph except for the commenting tips line. Hayley?

Thanks.

Steve

Please review / revise this language for publishing on the website this afternoon. Should any of the dates in the 3rd paragraph be changed?

EPA is postponing the Toxic Substances Control Act Science Advisory Committee on Chemicals (SACC) peer review virtual meeting scheduled for April 27-30, 2020, due to recent changes in the availability of members for this peer review. Given the importance of the draft risk evaluation for asbestos, the Agency believes that rescheduling for a time when more members are available is critical and will allow for a more robust review of the evaluation. ☐

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

- View the draft risk evaluation, charge questions, and supporting documents for asbestos.
- Read the Federal Register notice announcing the meeting and availability of the draft risk evaluation.

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/dockets/commenting-epa-dockets#tips>.

EPA held a preparatory virtual meeting on April 7, 2020 for the panel and public to comment on the clarity and scope of the draft charge questions for the April meeting.

For additional information please contact the DFO, Dr. Diana Wong at wong.diana-m@epa.gov.
